

HP Color LaserJet 4730mfp series

4730 • 4730x

Watch productivity soar with print, copy, scan, and fax integrated into one reliable design that's affordable enough to place in every workgroup.

Simple and accessible

- **Position the MFP close to users and increase efficiency.** Ensure effective document production with a familiar user experience and industry-renowned HP LaserJet reliability. The integrated design of this multifunction device conserves floor space, so you can place it where it's needed.
- **Do more for less.** Print and copy at speeds of up to 30 pages per minute (ppm) for black-and-white and colour documents up to legal-size. With high-performance faxing and effective scanning to e-mail and folder, this colour laser MFP supports multiple workflows and improves the productivity of demanding workgroups.¹
- **Get best-in-class HP Jetdirect embedded networking.** Transfer information quickly and reliably for increased efficiency. HP Web Jetadmin offers remote installation, configuration, and proactive management—including colour control. The HP Embedded Web Server performs remote diagnostics, sends e-mail alerts, provides job tracking and accounting, and automates supplies ordering.²

Easy for IT and end users

- **Maximise usability and minimise training costs.** The touch-screen control panel has an integrated design to monitor and operate the device. Employed across several HP devices, this intuitive control panel provides users of HP products with a familiar walk-up experience and simplifies troubleshooting and device management.
- **Count on HP print cartridges with HP ColorSphere toner.** With the print cartridge, toner, and imaging drum in one supply, you refresh the imaging system when cartridges are replaced, ensuring consistent print quality. Cartridges ship installed, and automatic toner seal removal and online HP SureSupply ordering makes replacement easy.
- **Let the MFP work for you.** HP Smart printing technology works with the device and HP print cartridges to make automatic adjustments that optimise print quality for reliable, consistent results every time you print. It's easy to manage HP supplies with remote troubleshooting, print job tracking, and proactive alerts for low print cartridges.

¹ Standard features vary according to model. For more information, see "Series at a glance" on page 3.

² Using genuine HP supplies ensures availability of all HP printing features.

Out-of-the-box functionality

- **Take a break from reloading paper.** Get an input capacity of 1,600 sheets: the 100-sheet multipurpose tray and three 500-sheet input trays let you use each tray for a different paper type to minimise interruptions.
- **Effortlessly deliver finished output.** With scalable finishing features you'll save time and your documents will look great. Choose the 500-sheet stapler/stacker to staple up to 30 pages or the 700-sheet 3-bin mailbox to assign print, copy, and fax output to different mailboxes, or assign users to each tray.
- **Boost productivity with full-speed, two-sided printing and copying.** The high-quality colour scanner delivers up to 600 by 600 dpi resolution for high image quality and accuracy and provides easy, two-sided copying and scanning with the automatic document feeder (ADF).
- **Integrate documents into workflows.** Building on the MFP's embedded scanning functionality, including scan to e-mail and scan to folder, optional HP Digital Sending Software facilitates document workflow and enhances business communications by enabling sending to FTP sites, network folders, and fax services, including LAN fax, Internet fax, and Windows fax services.

Preserves your budget

- **Pay less and better meet your needs.** 90 percent of office documents use letter/A4-sized paper and smaller, so why get a wide-format device and pay for what you don't use? The MFP handles the bulk of your workload and costs substantially less.
- **Realise the advantages of colour without risking the expense.** HP Colour Access Controls help you protect your investment while reaping the benefits of colour when you need it. Control when and how your workgroup uses colour by disabling any unnecessary colour printing and copying.

HP printing and imaging systems help you create powerful, professional communications easily. Imaging devices, supplies, accessories, and services are designed together to work together and are invented to meet your business needs.

Get versatile, efficient, and reliable black-and-white and colour document creation for your office.

Low total cost of ownership

For many businesses, the total cost of ownership is a critical part of the purchasing decision. The affordable purchase price, high-performance versatility, and trusted HP LaserJet reliability designed into the HP Color LaserJet 4730mfp series deliver significant cost savings both today and over time.

An efficient multifunction device. An impressive set of paper-handling capabilities enables you to produce documents locally. With the HP Color LaserJet 4730mfp series, you can eliminate costs and distribution time associated with centralised printing.

Reliability saves money. By far the biggest contributor to user productivity and low cost of ownership is the reliability of HP equipment, support, and service. For over a decade, Hewlett-Packard has consistently received the top grade in PC Magazine's Service and Reliability Survey and recently received one of the first-ever A+ ratings. Instead of experiencing frustration and expensive downtime, users can get their work done!

HP Smart Printing supplies advantage³

HP papers and HP LaserJet print cartridges are designed to work together with HP printing devices, so you can depend on producing consistent, high-quality documents. HP designs its print cartridges to produce the clarity needed for halftone images, smooth grayscales, and fine details. HP Smart printing technology is activated every time you put an HP print cartridge into your MFP, allowing you to monitor your current supplies, order new supplies, and print successfully every time. And each HP print cartridge continually adjusts toner properties to ensure high-quality output over the life of the cartridge.

Award-winning HP support

HP offers a variety of support options to assist you in the setup and maintenance of the HP Color LaserJet 4730mfp series. HP's expert knowledge will help you make the most of your MFP and ensure your equipment is running at peak efficiency. Start with a one-year, next-day, onsite HP limited warranty, backed by free telephone support from the award-winning HP Customer Care. To further guarantee trouble-free operation and maximise the potential of your HP Color LaserJet MFP, consider upgrading service and support options such as installation, network installation, advanced maintenance, and post-warranty support.

Add the following optional components and build an MFP to meet the needs of your business.

Stapler/stacker staples documents up to 30 pages and stacks up to 500 sheets

700-sheet 3-bin mailbox may be assigned to individuals or device functions (to sort by print, copy, or fax jobs)

HP LaserJet MFP Analog Fax Accessory 300 quickly and securely processes fax documents

Add up to 512 MB of RAM for complex graphics printing

HP Digital Sending Software 4.3 lets you digitally capture, route, and store, paper-based documentation

HP bt1300 Bluetooth[®] Wireless Printer Adapter⁴ provides easy, walk-up printing from your mobile phone or PDA

³ Using genuine HP supplies ensures availability of all HP printing features.
